

## Social Accomplishment

The Social Accomplishment Award is given to an individual to recognise his or her outstanding personal contribution to activities that have resulted in a significant advance in the social well being and or quality of life of people with epilepsy. These contributions and activities should either have been performed at an international level or they should have had an international impact or significance.

The Award reflects international peer recognition. It consists of an engraved glass trophy, a financial prize of US\$5,000, and the name of each recipient is added to the Award winners Hall of Fame maintained by IBE and ILAE. The award winner will also be invited to attend the International Epilepsy Congress to be presented with their award.

All IBE and ILAE chapters and all members of the Joint Executive Committees (JEC) of the IBE and the ILAE are eligible to each nominate one candidate in any two-year period.

Year	First Name	Last Name	Title	Country
2021	Arlette	Honein	Mrs	Lebanon
